

Your freight. Our dedicated truck.

Direct capacity for Houston shippers — no broker margin, no capacity roulette.

WHY SHIPPERS WORK WITH US DIRECT

- **Skip the broker spread.** Brokers add 15–20% on top of the truck. Direct, you pay less than your current all-in cost while your freight rides with the same people every time.
- **Live tracking on every load — standard.** A live GPS link with every shipment, no asking, plus a signed POD in your inbox the day it delivers.
- **Team drivers, extended-day service.** Two drivers, one truck — freight moves 600+ miles a day and doesn't sit overnight.
- **Your dock to their door.** 3,000-lb liftgate, pallet jack, hand truck, and blankets aboard — dock-high, ground-level, residential, and inside delivery, one call.
- **Freight handled like it matters.** Air-ride suspension, E-track securement, hardened door lock, camera-documented chain of custody.
- **Run by an operator, not just a driver.** 20+ years of enterprise project & operations management — SLAs, visibility, and same-day PODs are the standard, not the upsell.

WHAT WE RUN

Truck	2023 Freightliner M2 — 26 ft box, 26,000 GVWR, air-ride, Maxon liftgate
Freight fit	Partials & LTL 1–12 pallets, up to ~9,500 lbs — regional Texas and 48-state
Specialties	Expedited team runs · sensitive/air-ride freight · blanket-wrap · trade show · TWIC port access
Visibility	Live GPS link on every load · ELD-logged · AI dashcam · same-day signed POD

HOW A DEDICATED ARRANGEMENT WORKS

Start with a single trial load — no contract, no minimums. If the service fits, we set a standing schedule (weekly lanes, recurring routes, or on-call capacity windows) at a flat agreed rate. Guaranteed capacity, one number to call; your freight stops competing for space on the spot market.
